\$100 OFF

Installed Slides

EXP. 5/31/16 • CANNOT BE COMBINED

New Services Available

PRE-TREAT

Most pools turn green from March to May. With pre-treat, we will pull back your cover, add 10 gallons of super shock, algaecide & run your filter for two hours. We will then put the cover back on and shut the system down. This technique insures you open to a crystal clear pool.

\$120.00

This is a tremendous value! You would spend \$60.00 on chemicals alone. Pre-treat available for pool opening customers only.

SAND CHANGE

Many water clarity problems are due to improper filtration, including dirty sand. Over time sand begins to channel. Channeling allows water to go through the sand unfiltered. Dirty sand will also reduce water flow, requiring the need to run your filter longer. We recommend changing the sand every 3 to 5 years.

\$195 for up to 300lb. tank

Includes Sand (Reg. \$295)

\$245 for up to 500 lb. tank

Includes Sand (Reg \$345)

This service must be complete prior to pool opening or by 5/3/15 to receive special pricing.

SALT CELL CLEANING

Salt cells should be cleaned at least twice a year. Calcium, minerals and other debris will inhibit proper chlorine production and reduce the life of the cell.

\$45.00

(at time of pool opening)

25% OFF SERVICE

Need a new heater, pump or filter?

Do it before April 30 and get 25% off the labor charge plus take advantage of special pre-season sale pricing.

WE NOW OFFER INITIAL VACUUMING AT POOL OPENING

Come home to a spotless pool. Now Poolside offers a cleaning at time of opening. We have special equipment to vacuum your pool fast and completely independent of your filter system. Keeping that winter sludge out of your filter will optimize filter performance throughout the summer.

Up to 18X34: \$125

18X36: \$165

Pre-treat: \$115

Pool must be clear.

(If you select pre-treat it will be clear)
Includes up to one hour of vacuuming.
\$45.00 per 1/2 hour after, for pools closed really dirty. (Shame on you)

WEEKLY MAINTENANCE

With Poolside's weekly maintenance program we vacuum, brush walls, scrub steps and water line, hand skim, clean skimmers and pump baskets, backwash the filter, test the water and add the chemicals. WOW, that's a lot for only \$65.00 per week.
*Contract required.
Does not include chemicals.*

SPA OWNERS

Don't forget spa purge when you open your spa. Removes all bacteria and mold from the spa and plumbing!

2016 Pool Opening Checklist

Opening includes: Removing, folding of cover and placing in storage bag. Installing ladders & rails. Replacing all return fittings and step and swimout jets. Replacing all necessary equipment to filter including plugs, chlorinator and salt cells if applicable. Startup of filter system and liquid shock.

**Prices below are for standard residential vinyl liner pools ie; one pump one filter etc.
Please call for quote on commercial and concrete pools.**
